

THE TOWN SCHOOL

ANNUAL REPORT 2018-19

It is very heartening that our school has shown consistence progress in academics, sports, co-curricular activities and as well as all round development of the students. Today our school enjoys an outstanding level of support within the local community. Our highly professional, experienced an dedicated staff team encourage all students to achieve their personal best.

The Town School Include

High quality teaching and learning programs relevant to students need, for this the faculty of the school is made to undergo various workshops held at different levels from time to time, aftermath is this we have 100% result in all classes.

Keeping in pace with the modern world of technology, the school has well-resourced classroom equipped with internet linked projectors and all teachers extensively use it as teaching learning aid. Now all our class rooms have technology learning equipments.

Realizing the value and importance of communication we have able to create an environment where children are encourage to converse in English. English language lab with latest technology is a step in this direction. Students actively participated in plentiful activities like Handwriting competition, poem competition, speech competition, G.K. quiz competition and Art competitions. Co-curricular activities are an essential parts of the school.

Besides giving due importance to upgrade the infrastructure, stress has been laid on security of children, where in we have put CCTV cameras all around the school.

Focus has been laid on enhancing moral values by imparting value added education to the students which is the need of the time.
